

TOMLINSON CANNON

**KEEPING HOMES DRY
SINCE 1948**

Warranty:

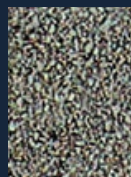

Flat roof installation comes with a 10 year warranty that covers workmanship and material. Coverage is limited to fixing leaks or issues that materially affect the performance of the roof that arise from installation errors or material defects.

Flat Roofing

What is flat roofing?

Flat roofing membranes are applied to low-slope and flat roofs. We install both rubber and asphalt membranes. Rubber is a thick single ply membrane. Asphalt membrane, or ModBit, is a two ply system with an asphalt outer layer that has multiple color options. Both are reliable solutions that have long-lasting performance.

Color Options:

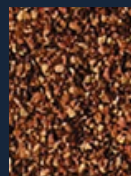

White

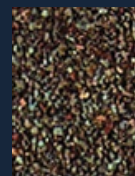

Gunmetal Gray

Roasted Chestnut

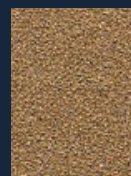

Russet Ridge

Weathered Wood

Thunder Black

Sand

White (Rubber)

Black (Rubber)

Since 1948 Tomlinson Cannon has been keeping homes dry. Trust us with your new flat roof today!
